

This petition is to help ensure that Gill Memorial Park is kept as a welcoming family neighborhood park. The residents surrounding Gill Park are being subject to excessively loud noise generated mostly by amplified music. There is no escaping from the unwanted noise which is creating a negative impact on the lives of the residents in the area. Due to the close proximity of homes to the park, we the undersign want the City of Milpitas to deny future permits for live music, amplified music, or amplified oration in Gill Memorial Park. We hope that the City of Milpitas shares our concern to help keep Gill park as a pleasant place to live nearby and visit.
